

# 1.63" X 1.63" X 1.25" Gen-Sep

## Part # 1020162

Centek Gen-Seps™ divert the exhaust gas and cooling water to separate outboard ports. Must be used in conjunction with a Vernalift™ muffler. Gen-Seps™ provide additional sound attenuation. The inlets and outlets are available in other configurations. Contact Centek Engineering Department for more details.

Gen-Sep™ Family

### MATERIALS AND CONSTRUCTION

|         |  |
|---------|--|
| Process | Filament Winding CNC, Resin Transfer Molding       |
| Resin   | Class 1 Fire Retardant Epoxy Vinyl Ester Thermoset |
| Glass   | Corrosion-Resistant E Glass                        |

### ATTRIBUTES

|                               |  |
|-------------------------------|--|
| A1 - Inlet - Outlet (IN / MM) | 1.63 / 41 - 1.63 / 41  |
| A2 - Drain (IN / MM)          | 1.25 / 32  |
| H - Height (IN / MM)          | 15.63 / 397  |
| J - Width (IN / MM)           | 12.38 / 314  |
| K - Depth (IN / MM)           | 5.03 / 128   |
| Color                         | Standard White; Black, Gel-Coat, Yacht Quality, Yacht Quality Plus Available |
| Approvals                     | Lloyd's Register Type Approval   |
| Flame Retardancy              | UL94V-0  |
