

2.5" X 2 X 1.5" Combo-Sep Vertical 10" x 20"

Part # 1040250

Centek Combo-Seps™ combine the sound attenuation features of a muffler with a gas/water separation system to divert the exhaust gas and cooling water to separate outboard ports. The inlets and outlets are available in other configurations. Contact Centek Engineering Department for more details. Use for engines above waterline only.
