

4" X 180 Deg Return

Part # 1200334

Used in systems requiring loops and made from the same corrosion resistant high temperature resin used in Vernatube. Percise outer diameter makes connections easy and smooth interior surface offers minimal flow resistance.

Fittings Family

MATERIALS AND CONSTRUCTION

Process	Filament Winding CNC, Resin Transfer Molding
Resin	Class 1 Fire Retardant Epoxy Vinyl Ester Thermoset
Glass	Corrosion-Resistant E Glass
Glass / Resin Ratio	60%

ATTRIBUTES

A - I/O (IN / MM)	4.00 / 102
H - Height (IN / MM)	9.38 / 238
J - Width (IN / MM)	11.50 / 292
Color	Standard Unpainted, Black, White; Gel-Coat; Yacht Quality, Yacht Quality Plus
Approvals	Lloyd's Register Type Approval
Flame Retardancy	UL94V-0
