

14" X 90 Degree Smooth Radius Elbow

Part # 1200817

Made from the same materials as Vernatube, Centek smooth radius elbows offer the best in heat resistance and strength. Precise outer dimensions and smooth inner surface assure easy connections with minimal flow restriction. Smooth outer surface offers an attractive alternative to mitered elbows.

Fittings Family

MATERIALS AND CONSTRUCTION

Process	Filament Winding CNC, Resin Transfer Molding
Resin	Class 1 Fire Retardant Epoxy Vinyl Ester Thermoset
Glass	Corrosion-Resistant E Glass
Glass / Resin Ratio	60%

ATTRIBUTES

A - OD (IN / MM)	14.00 / 356
C - Length (IN / MM)	28.00 / 711
Color	Standard Unpainted, White, Black; Gel-Coat; Yacht Quality; Yacht Quality Plus
Approvals	Lloyd's Register Type Approval
Flame Retardancy	UL94V-0
