

2.5" X 2.5" X 1.5" Combo-Sep Horizontal

Part # 104H250

Centek Combo-Septs™ combine the sound attenuation features of a muffler with a gas/water separation system to divert the exhaust gas and cooling water to separate outboard ports. The inlets and outlets are available in other configurations. Contact Centek Engineering Department for more details.

Combo-Sep™ Horizontal

MATERIALS AND CONSTRUCTION

Process	Filament Winding CNC, Resin Transfer Molding
Resin	Class 1 Fire Retardant Epoxy Vinyl Ester Thermoset
Glass	Corrosion-Resistant E Glass
Glass/Resin Ratio	60%

ATTRIBUTES

A1-Inlet (IN/MM)	2.50/64
A2-Gas Outlet (IN/MM)	2.50/64
A3-Drain (IN/MM)	1.50/38
B-I/O Length (IN/MM)	4.00/102
C-Length (IN/MM)	49.00/1245
F-Outlet Offset (IN/MM)	2.00/51
H-Height (IN/MM)	14.00/356
I-Width (IN/MM)	7.00/178
M-Drain Offset (IN/MM)	4.00/102
Color	Standard White; Black, Gel-Coat, Yacht Quality, Yacht Quality Plus Available
Approvals	Lloyd's Register Type Approval
Flame Retardancy	UL94V-0
