

12" X 180 Degree Return Elbow

Part # 1201076

Centek Marine 180 degree return elbows are used in systems requiring loops. They are made from the same corrosion-resistant, high-temperature resin used in Vernatube. Precise outer diameter makes connections easy, while the smooth interior surface offers minimal flow resistance.

Fittings Family

MATERIALS AND CONSTRUCTION

Process	Filament Winding CNC, Resin Transfer Molding
Resin	Class 1 Fire Retardant Epoxy Vinyl Ester Thermoset
Glass	Corrosion-Resistant E Glass
Glass / Resin Ratio	60%

ATTRIBUTES

A - I/O (IN / MM)	12.00 / 305
H - Height (IN / MM)	26.63 / 930
J - Width (IN / MM)	36.19 / 919
Color	Standard Unpainted, Black, White; Gel-Coat; Yacht Quality, Yacht Quality Plus
Approvals	Lloyd's Register Type Approval
Flame Retardancy	UL94V-0
